

Welcome to Worship at St. Paul Lutheran Church

In-person COVID Guidelines

Because of the on-going Covid pandemic, we will be following these guidelines to keep each and everyone safe during our time together:

- Before attending services, please consider the following:
 - ◇ Are you experiencing flu-like symptoms?
 - ◇ Do you have a fever?
 - ◇ Have you recently been exposed to someone who has tested positive for Covid?
 - ◇ Have you traveled in the past two weeks?
 - ◇ Are you at a higher risk for contracting the virus?
- You must wear a face mask to enter and remain in the church.
- Face masks should have double layers – no single layer “gaiters” or bandanas please.
- Use hand sanitizer when entering the Narthex.
- Bring your own hand sanitizer and use it frequently.
- Maintain the six feet social distancing at all times.
- Follow the seating placement rules and ushers' assistance for where you can safely sit in the Sanctuary.
- Do not sit next to anyone who does not live in your household.
- If you are feeling ill or concerned about being around others, please stay home.
- If you have recently returned from traveling outside the local community, please do not attend church services until you have either quarantined for 14 days or remain symptom-free for 14 days.
